

CTN-104B

HIGH POWER MULTIBAND JAMMER

GSM & CDMA/TDMA & HGPSM & PCS & UMTS (3G)

Model CTN-104B provides an excellent high power jamming solution for larger locations such as individual prison building, government buildings, and places where there is a high level of cellular base station signal.

This model can paralyze mobile phone communications in very wide floor or in several floors of a building.

The CTN-104B operates from a main AC power, and can be constructed to jam up to four cellular and/or satellite mobile phone systems.

- Government and military
- Law-courts and parliaments
- Meeting rooms
